

Pedro Wilker Queiroz

Full Stack Software Engineer

contato.pedrowilker@gmail.com · +55 71 99659-2762 · [GitHub](#) · [LinkedIn](#) · [Portfolio](#)
Salvador, Bahia, Brazil

SUMMARY

Full Stack Software Engineer with 3+ years of experience building scalable web and mobile applications for the public and private sectors. Proven track record in system integration, data automation, and REST API architecture, working with modern stacks in high-volume data environments. Advocate for clean, well-structured code — from backend and databases to frontend and data pipelines. Open to new opportunities in Full Stack or Backend engineering roles.

TECHNICAL SKILLS

Languages: Java, Python, TypeScript, JavaScript

Backend: Spring Boot, Node.js, FastAPI · **Messaging:** Kafka, RabbitMQ · **REST APIs, Microservices**

Frontend & Mobile: React, Next.js, Angular, React Native, Vite

Databases: PostgreSQL, MySQL · **Redis** · Relational modeling, query optimization

DevOps & Tools: Git, GitLab / GitHub CI/CD, Docker, ZK Framework

PROFESSIONAL EXPERIENCE

Qintess

Aug 2025 – Present

Software Development Analyst · Salvador, Brazil · On-site

Development of web applications for automation and processing of institutional data in partnership with the Bahia state government.

- **High-volume systems:** Developed and maintain systems that process data from over 260,000 monthly service records for the National Identity Card (CIN), with a focus on reliability and traceability.
- **Data integration:** Architected an Angular + Node.js system for validating and registering data from all 417 municipalities in Bahia with the SAC, eliminating manual processes and operational bottlenecks.
- **Data auditing:** Identified ~140% discrepancy between manual records and the actual CIN database, significantly improving institutional data integrity.
- **Process modernization:** Contributed directly to the digitalization and standardization of SAEB workflows, reducing operational errors through automated validations.

Stack: React, Vite, Angular, Node.js, Python, Spring Boot, PostgreSQL, TypeScript, GitLab

Smart4 Sistemas

Feb 2023 – Aug 2025

Full Stack Developer (Promoted from Intern in Feb 2024) · Salvador, Brazil · Remote

Development and maintenance of a public sector management platform used by 60+ municipalities in Bahia — covering modules for public bidding, taxation, HR, and citizen services.

- **Production at scale:** Contributed to systems now serving 60+ city halls across Bahia, with critical modules for taxation, public bidding, and payroll.
- **System integration:** Implemented integrations between legacy Java systems and new REST APIs, improving performance and scalability without breaking existing contracts.
- **Full stack delivery:** Built end-to-end applications with Java, Spring Boot, Angular, ZK, Python, and TypeScript — from backend to frontend.

- **Career growth:** Started as an intern and was promoted to Full Stack Developer, taking on increasing responsibility in deliveries and architecture decisions.

Stack: *Java, Spring Boot, Angular, ZK, Python, TypeScript, MySQL*

Personal Projects

Feb 2024 – Jan 2025

Full Stack Developer · Remote

Development of digital products focused on scalable architecture and user experience.

- **AgroSan:** Rural asset and health management platform with real-time events via WebSockets. Stack: TypeScript, Node.js, Prisma ORM, PostgreSQL.
- **TensOportunidades:** Service marketplace with OAuth2/JWT authentication, verified profiles, and 70+ active service providers. Stack: Next.js, Node.js, PostgreSQL.
- **Camaleao dos Sabores:** Web + mobile restaurant management system with digital menu and order tracking. Stack: Next.js, React Native, Node.js, PostgreSQL.

EDUCATION

B.Sc. in Computer Science

Aug 2020 – Jun 2024

Centro Universitario Jorge Amado – UNIJORGE · GPA: 8.5/10

CERTIFICATIONS & LANGUAGES

Certifications

- Networking Basics – Cisco
- Complete Web Development – Udemy
- Algorithms and Programming Logic – Udemy

Languages

- Portuguese: Native
- English: Intermediate (advanced technical reading and writing)
- Spanish: Basic
